New company logo : 

Date of change : October 1, 2023

2 Background and Purpose

We became a wholly owned subsidiary of Daikin Industries, Ltd., our parent company, on March 30, 2023. Taking this opportunity to become a wholly owned subsidiary, we have decided to change our company name to reflect our philosophy.

The new name "FINETECH" is a coined word that combines "FINE" and "TECHNOLOGY" and we incorporated our philosophy of fining our technologies. We have made the solution of customer issues a universal work. We will continue to pursue synergies as the Daikin Group under the new company name, and realize our stance and philosophy of contributing to the solution of customer issues by improving and demonstrating our technological capabilities.
